Facials Guinot

Hydradermie - The Star Of Facial Treatments

50 MIN | **\$125 regular** 80 MIN | **\$185 plus**

Your skin is already more beautiful at the end of the treatment! Once the Hydradermie treatment is completed, try the mirror test. Your face appears remarkably rested and serene. Designed to restore your skin's natural beauty, this treatment is customized to meet your skins individual needs, whether normal, oily, or dry. Recommended as a course of three treatments or as a maintenance treatment every month, Hydradermie is the most effective deep-cleansing and hydrating treatment for your face. Liftosome - The Lifting Effect

For instant lifting and firming 50 MIN | **\$125**

Liftosome was developed specifically to treat the problems associated with mature skin. During the time that the thermal mask is left on, it shapes the facial features and diffuses energizing concentrates of orange (vitamin C) and ginseng. These active ingredients combined with the warming effect, fill the skin with new energy, restore its elasticity and regenerate new cells.

Beauté Neuve

A “Peeling” And Radiance Effect 50 MIN | **\$125**

The peeling effect restores radiance and allows the skin to breathe! Tiredness, stress and passing time can contribute to loss of radiance. The epidermis gets “clogged” with dehydrated cells, cellular renewal slows, and the complexion appears dull and congested. One Beaute` Neuve treatment, or even better a course of three, will remove these superfluous cells and help the skin to breathe again. Cellular renewal is accelerated and you will discover a fresh complexion - more beautiful, more radiant.
